WELLSKY STORE PROJECT CASE
WELLSKY 商店项目工程案例
The exterior facade of wellskey store is not a kind of provocation by talking with customers through the curved door and looking into the interior through the outside. The door frame intersects with the yellow light, and the warm smell lures customers into the store.

WELLSKY商店外部门面由弧形门与来往的顾客交谈，透过室外望向室内，无疑不是一种挑逗。门框与黄色灯光相交，温馨的气息引诱顾客进入商店。

Entering the space, the interior of the store is matched with silver and white to add warm and bright spots to the space, and a large number of stainless steel are used to strengthen the theme. The shape of the interior partition wall just corresponds to the shape of the facade, creating an extra layer of fun.

进入空间，商店内部以银色和白色作为搭配，为空间增添温馨亮点，并采用大量的不锈钢来强化主题。内部的隔墙形状恰好与门面形状相呼应，创造了一层额外的乐趣。

The stainless steel wall and the marble table get along well in the same space. The clothes hanger is made of metal tube, and the light warm yellow light is embedded in the orderly line sense, and vertically irradiates the clothes, which highlights the product and adds softness to the visual experience, so that customers can feel the comfort brought by simplicity when trying on clothes.

不锈钢墙面与大理石长桌在同一空间相处融洽，衣架采用金属管制成，在排列有序的线条感上嵌入浅浅的暖黄色灯光，垂直照射在衣服上，将产品突出的同时又在视觉体验上增添了柔和感，让顾客在试穿衣服时感受简单主义带来的舒适感。

As the store is located in Xintiandi, space is limited, so Baptiste had to make it a fun space to look at and remember, so the concept of the jewelry box was born in Baptiste's mind. He used some very modern geometric elements and advanced textures: the floor is pattered with black and white marble stripes, and the walls are pattered in corresponding black and white tones with lines of rose gold stainless steel. A white couch is a classic French style, with geometric lines and modern interpretation. 因为店面位于新天地，空间有限，所以必须要把它打造成一个让人一眼看去过目不忘的有趣空间，于是珠宝盒的概念在Baptiste的脑海中应运而生。他运用了一些非常现代的几何元素，并且呈现出高级的质感：地面是黑白相间的大理石条纹图案，墙面也是相应的黑白色调，搭配玫瑰金不锈钢的线条。一张白色长沙发是经典法式造型，用过几何线条，用现代的方式加以诠释。

The dome shape of the castle, the infinite cycle of space, like the wall of a western castle, a dramatic light and shadow division, virtual and real interweave, with unique rhythm and rhythm to open the exploration of dreams, from the source of fantasy to open the door of the unknown....

城堡圆顶造型，无限循环的空间，像是西方城堡的城墙，一种戏剧化的光影分割，虚实交织，以独有的韵律性与节奏感开启着对梦境的探索，从幻想的源头打开未知之门.....

Deer can be seen deep in the cloud dream. The IMPLICATION OF COLOR AESTHETICS TO STYLIST, IS no less than THE CORNERSTONE THAT MAKES a DREAM IN SPACE, pushing the DEVELOPMENT OF DREAM. On the basis of understanding the vocabulary of "dream expression", the designer metaphorizes the way of harmonious coexistence between man and nature. The display of animals and plants metaphorizes the protection and attention to the environment from a deep level.

云梦深处可见鹿。色彩美学的奥义之于设计师，不啻于空间造梦的基石，推动着梦境的发展。设计师在理解“梦境表达”的语汇基础上，隐喻着人与大自然和谐共处之道，动植物的陈设摆放，从深层次隐喻对环境的保护与重视。
